Quick Reference Table Summary . . . . . *vii*
Preface . . . . . *viii*

LESSON 1

Word – Working with Word Basics 1

Discovering Just How Suite It Is 2
Defining Word 3
  Starting Word 2013 3
Viewing the Word Start Screen 4
Exploring the Word 2013 Window 6
Introducing the Ribbon 6
  ToolTips 7
  Contextual Tabs 7
  Varying Button Arrangements 8
Introducing the Toolbars 8
  Quick Access Toolbar 8
  Mini Toolbar 8
Opening Documents 10
  Opening Older Word Documents 10
Navigating in a Word Document 12
  Navigating with the Scroll Bar 12
  Different Mouse Pointer Shapes 12
  Navigating with the Keyboard 14
Closing Documents 15
Starting a New Blank Document 16
Getting Help in Word 17
Exiting Word 18
Concepts Review 19
Skill Builders 21

LESSON 2

Word – Writing a Letter and a Résumé 25

Typing a Cover Letter 27
  Line and Paragraph Spacing 27
  Nonprinting Characters 29
  AutoComplete 29
  The Enter Key and Word Wrap 31
  The Bullets Feature 33
Saving a Document 34
  Save Compared to Save As 35
  Saving a Modified Document 37
Printing a Document 39
Using a Word Table to Organize a Résumé 40
  Merging Cells and Centering Data in Cells . 41
  Navigating in Tables and Adding Rows 43
  Resizing Column Widths and Row Heights . 43
  Removing Table Borders 47
Creating an Envelope 48
Concepts Review 50
Skill Builders 52

LESSON 3

Word – Editing the Business Etiquette Column 57

Selecting Text 58
Selection Bar. 59
Typing Area 59
Selection Techniques 59
Editing Techniques 62
Add, Delete, and Replace Text 62
AutoCorrect 63
Spelling & Grammar Checker 65
Undo and Redo 66
Moving and Copying Text 67
Finding and Replacing Text 70
Find with the Navigation Pane 70
The Find and Replace Dialog Box 71
Concepts Review 74
Skill Builders 76

LESSON 4

Word – Encouraging Recycling with Flyers 81

Formatting with the Ribbon. 83
Fonts. 83
The Font Group 84
Font Size. 84
Formatting with the Mini Toolbar 84
Using Live Preview with Galleries. 85
Saving a Document to a New Folder 88
Naming Folders 89
Setting Paragraph Alignment 90
Creating WordArt 91
Formatting WordArt 92
Contextual Tabs on the Ribbon. 92
Selecting, Sizing, and Rotating WordArt 92
Using Clip Art 95
Rotating Clip Art 96
Resizing Clip Art 96
Layout Options 98
Cropping Clip Art Images 99
Concepts Review 102
Skill Builders 104

LESSON 5

Excel – Tracking Firefighter Training 109

Defining Excel 111
Starting Excel 2013 111
Viewing the Excel Start Screen 112
Exploring the Excel 2013 Window 114
The Suite Advantage 114
Workbook Organization 115
Mouse Shapes in Excel 116
Navigating in an Excel Spreadsheet. 117
Navigating with the Scroll Bars. 117
Navigating with the Keyboard 119
Freezing Panes 120
Entering Data in a Spreadsheet 122
Completing and Canceling Entries. 122
Aligning Cell Contents 126
Working with Cell Ranges. 126
Moving and Copying Data 129
Sorting Data. 130
Kinds of Sorts. 130
Structuring an Effective List 131
Working with Columns and Rows. 132
Resizing Columns and Rows 132
Inserting and Deleting Columns and Rows 133
Concepts Review 136
Skill Builders 138

LESSON 6

Excel – Budgeting with Calculations and Charts . . 143

Defining Formulas 145
Excel's Mathematical Operators 145
How to Type a Formula 146
Using Built-in Functions 149
How Functions Are Constructed 149
The Sum Button 149
What Do the Pound Signs Mean? 150
Calculating with AVERAGE, MAX, and MIN 153
Copying Formulas and Functions 153
Using Charts to Visualize Data 155
Which Cells Do I Select? 155
Embedded Charts Compared to Chart Sheets 158
Design Tools 163
Concepts Review 169
Skill Builders 171

LESSON 7

PowerPoint – Creating Powerful Presentations . . 179

Presenting PowerPoint 181
Starting PowerPoint 181
Creating a New Presentation 183
The PowerPoint Window 184
Navigating in a Presentation 185
Using PowerPoint Views 187
Creating a Presentation 190
Using PowerPoint Themes 190
Typing Text in a Slide 192
Slide Layouts 192
Presentation Design Tips 194
Adding Clip Art 195
The Insert Pictures Search Window 195
Delivering the Slide Show 198
Delivery Tips 199
Navigating in Slide Show View 199
Adding Animations and Transitions 201
Animating Your Slide Show 201
Adding Transitions 203
Concepts Review 204
Skill Builders 206

LESSON 8

Access – Accessing Raritan Clinic East 213

Defining Access Databases 215
What Is a Database? 215
Exploring the Access Environment 215
Starting Access 215
Identifying Elements of the Access Window . 217
Custom Web Apps 217
Blank Desktop Databases 218
Designing a Database 218
Identifying Features of the Database Window 220
The Navigation Pane 220
Creating Tables in Datasheet View 221
Working with Tables 222
Table Guidelines 223
Reserved Words 224
Field Data Types 224
Navigating Tables and Entering Data 227
AutoCorrect 228
Working with Tabs and Closing Database Objects 228
Previewing and Printing Data 230
Setting Up Data to Print 230
Checking Data Accuracy 230
The Preview Window 231
Closing a Database and Exiting Access 235
Concepts Review 237
Skill Builders 239
