

QuickBooks Online (Fall 2018 Edition)

Update Report, last updated December 17, 2018

Intuit makes monthly updates to QuickBooks Online that may affect the content in your learning solution, including content in the print book, ebook, videos, eLab, or other. This report shows edits to your learning solution based on updates that have been made since this solution was originally released.

Labyrinth updates this report regularly to help ensure users have access to instructional content that conforms as much as possible to the latest terminology, features, and actions in QuickBooks Online.

Remember that Intuit “rolls out” updates; the particular version of QuickBooks Online you see in your browser may not fully match your textbook, this report, or what other learners see in their browsers.

Whether you study with the print book or the ebook, this is a useful resource. For print users, this report is critical for successful completion of the course. And ebook users may use this report as an overview of changes made. **The ebook and other online content that is part of this solution is now updated!**

Note: Below, (p) refers to the print book page number and (e) refers to the ebook page number.

PAGE 192 (P) 90 (E) AYS 9-1, EXERCISE OPENER AND STEP #1

Sadie is considering hiring an employee or two so that she can open the salon another two days a week, but she doesn't want the hassle of doing payroll. She has asked you for help! In this exercise, you will review the payroll apps and summarize your findings. The QuickBooks Online Apps are located at: <https://openid.intuit.com>

(U1)

1. Open your Internet browser and type <https://openid.intuit.com> in the search bar. Then type Payroll in the Search Apps... field and tap **Enter.**

CHAPTER 12; ALL DYS EXERCISES

After printing this edition, the payroll feature in the QuickBooks Online test drive ceased to function. As a result, learners can no longer complete the Develop Your Skills exercises or the Tackle the Tasks section. The end-of-chapter exercises (Reinforce Your Skills and Apply Your Skills) can still be completed using the trial version of the full software that is bundled with each book.

PAGE 233 (P) 115 (E) CHAPTER 12 SELF-ASSESSMENT

Question #3 (“What employee information...”) should be deleted as the answer is found in the DYS exercises, which have been removed from the book due to the payroll feature not working in the test drive. (U1)
