

QuickBooks Online: Level 1 (Spring 2019 Edition)

Update Report, last updated December 13, 2019

Intuit makes monthly updates to QuickBooks Online that may affect the content in your learning solution, including content in the print book, ebook, videos, eLab, or other. This report shows edits to your learning solution based on updates that have been made since this solution was originally released.

Labyrinth updates this report regularly to help ensure users have access to instructional content that conforms as much as possible to the latest terminology, features, and actions in QuickBooks Online.

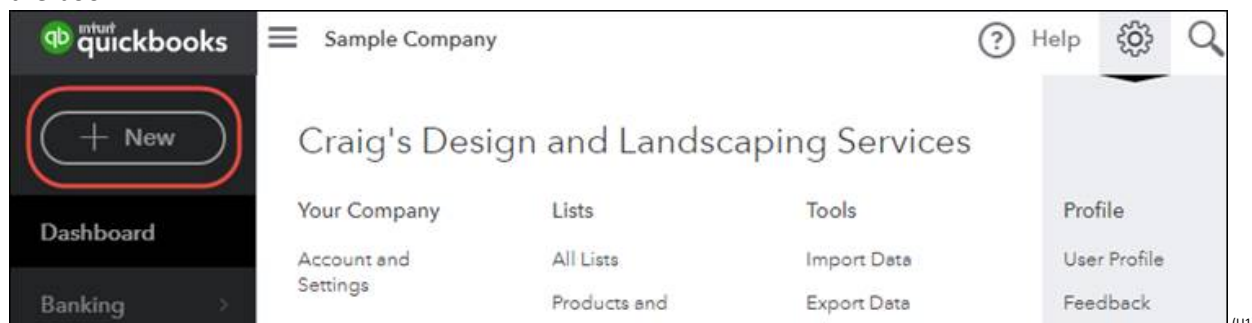

Remember that Intuit “rolls out” updates; the particular version of QuickBooks Online you see in your browser may not fully match your textbook, this report, or what other learners see in their browsers.

Whether you study with the print book or the ebook, this is a useful resource. For print users, this report is critical for successful completion of the course. And ebook users may use this report as an overview of changes made. **The ebook and other online content that is part of this solution is now updated!**

Note: Below, (p) refers to the print book page number and (e) refers to the ebook page number.

STARTING ON PAGE 9 (P) 7 (E)

The Create  button that used to appear at the top-right corner of the screen has moved to the left navigation bar and is now called New, as in the following image. This change applies to every instance in the book.

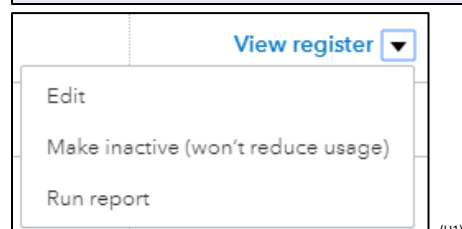

PAGE 34 (P) 16 (E) CHAPTER 2 SELF-ASSESSMENT, QUESTION #7—QID#4817223

7. Some accounts on the Chart of Accounts cannot be made inactive. True False

PAGE 36 (P) 17 (E) RYS 2-1, STEP #2

2. In the Inventory Asset line, click the Action menu and choose Make Inactive.

PAGE 62 (P) 27 (E) CHAPTER 3 SELF-ASSESSMENT, QUESTION #17—QID#4817249

C. Reports→All tab→Sales and Customers
