## Working with Vendors

Vendors are the people and businesses you buy products and services from. In this chapter, you will build a Vendors List. You will prepare vendor-related purchase and expense transactions, such as creating an Accounts Payable bill and recording a credit card and debit card purchase. You will also create vendor Accounts Payable and purchase-related management reports to assist with purchase history and unpaid bills.

### LEARNING OBJECTIVES

- ▶ Set up vendors
- ▶ Edit settings and preferences
- ▶ Create expense transactions
- ▶ Make payments to vendors
- ▶ Create vendor reports

**NOTE!** QuickBooks Online is updated frequently, so don't be alarmed if your screen doesn't exactly match your learning solution. The processes shown should generally be the same.

## Project: Craig's Design and Landscaping Services

Craig Carlson purchases supplies from a number of businesses. He would like to set up all these businesses as vendors in QuickBooks Online. Craig pays for his purchases in several different ways. He has an account with some of his vendors so he can make purchases and then receive a bill to be paid later. Craig also uses his credit and debit cards for many purchases.

**TIP!** For critical edits to this course based on software updates and more, access the Update Report from your eLab course or the QuickBooks Online Update Reports page ([labyrinthelab.com/qbo-update](http://labyrinthelab.com/qbo-update)) at the start of every chapter.

## The Expenses Center

The Expenses center houses the Vendors List, which provides information about your vendors and your transactions with them in a single place. It allows you to perform vendor-related tasks such as searching for vendors, adding vendors, importing vendor lists, editing and merging vendor information, and making vendors inactive. The Expenses center also includes tools that allow you to quickly perform tasks such as printing and exporting the Vendors List and adjusting list settings.

The screenshot shows the 'Expenses' section with the 'Vendors' tab selected. At the top, there are tabs for 'Expenses', 'Bills', 'Vendors', 'Contractors', and 'Mileage'. Below the tabs, there's a 'Vendors' header with a 'Prepare 1099s' dropdown and a 'New vendor' button. The 'Money bar' is highlighted with a circled '1' and contains four sections: 'Unbilled Last 365 Days' (\$125, 1 PURCHASE ORDER), 'Unpaid Last 365 Days' (\$848, 4 OVERDUE), '5 OPEN BILLS' (\$1,603), and '21 PAID LAST 30 DAYS' (\$3,892). Below the money bar, there's a 'Batch actions' dropdown and a 'Find a vendor' search field (circled '5'). The vendor list table has columns: 'VENDOR / COMPANY', '1099 TRACKING', 'PHONE', 'EMAIL', 'OPEN BALANCE', and 'ACTION'. The 'ACTION' column for each vendor has a dropdown menu (circled '4') with options like 'Create bill' and 'Schedule payments'. At the top right of the table, there are icons for print, export, and settings (circled '3').

- 1 Money bar
- 2 New Vendor button
- 3 Print, Export, and Settings icons
- 4 Individual vendor Action menu
- 5 Vendor search field

## The Money Bar

The Vendors List contains a multi-colored Money bar that gives you a quick snapshot of Accounts Payable, including open, past-due, and paid bills. You can click the Money bar sections to access more detailed information about these bills.

## The Vendors List

The Vendors List displays vendor names, contact information, and open balances at a glance, as well as detailed transaction information when you select a specific name. The Action menu lets you quickly create transactions for the selected vendor.

**TIP!** Use the keyboard shortcut **Ctrl+Alt+V** to go to the Vendors List.

## Adding Vendors

QuickBooks Online does not allow you to add two vendors with the same exact name. You must include a middle initial or other distinguishing identifier in the Customer Display Name field to make the names different.

If you have vendors who are independent contractors, you will want to enable the option (in the Additional Info section of the setup) to track 1099 payments and add the tax ID.

You can add vendors individually, or you can import them from an Excel or CSV worksheet.

 View the Intuit Education video “How to Add Your Vendors to QuickBooks Online.”

### Best Practice

As you create new vendors, enter as much information as possible so you can fully utilize the power of QuickBooks Online data when creating management reports. For example, be sure to include address and contact information in the Vendors List.

**TIP!** Using the Expenses center is not the only way to add vendors. You can also add new vendors from within a Purchase/Expense form by typing the vendor name and adding details as directed. Or, you can choose + New→Add Vendor.

**Ask Yourself 4-1:** What does the Money bar in the Expenses center provide an overview of?

- A. Accounts Payable
- B. Accounts Receivable

## DEVELOP YOUR SKILLS 4-1

*In this exercise, you will add a new vendor in Craig’s Design and Landscaping Services.*

**Before You Begin:** Access the QuickBooks Online test drive at [qbo.intuit.com/redir/testdrive](http://qbo.intuit.com/redir/testdrive) and leave the test drive open for the entire chapter.

**NOTE!** Remember, the QuickBooks Online user interface is updated frequently, so some of the names and features in course exercises may differ from what you see on your interface.

1. Click **Expenses** on the Navigation bar and then click the **Vendors** tab.  
*The Vendors List displays.*
2. Click the **New Vendor** button at the top-right corner of the browser window.
3. Type **Morning Supplies** as the company name and then tap **Tab**.
4. The display name should fill automatically; if not, type: **Morning Supplies**

- Type **650-555-8814** in the Phone Number field.
- For the address, type **1458 Magnolia** and tap **[Tab]** three times, type **Bayshore** and tap **[Tab]**, type **CA** and tap **[Tab]**, and then type: **94305**

## Importing Vendor Data from an Excel or CSV File

QuickBooks Online allows you to import vendor lists from an Excel or comma-separated values (CSV) worksheet. One way you can import vendor lists is by accessing the Import Data tool from the Gear menu.

The Import Data tool allows you to import information not only about vendors but also about customers, Charts of Accounts, and products and services. The tool includes forms and prompts to help you upload and map your lists to the QuickBooks Online format. This feature is a great time-saver for existing businesses that have large lists.

QuickBooks Online often provides multiple ways of doing something, depending on where you are working within the application. Besides using the Import Data tool, you can also import data from within the Expenses center.

Gear → Tools → Import Data | Expenses center → New Vendor → Import Vendors

**Ask Yourself 4-2:** A new business is likely to make use of the Import Data command. True or false?

## Editing, Merging, and Making Vendors Inactive

Your Vendors List is customizable. After you add a vendor, you can go back and edit the record. You can also merge two vendors if you find that the same one is listed twice. Doing so will combine all the vendor’s transactions into a single record. Finally, to keep your Vendors List current and less cluttered, you can inactivate vendor records that you are no longer dealing with. As with customers, you can inactivate vendors but can never truly delete them.

### DEVELOP YOUR SKILLS 4-2

*In this exercise, you will edit vendor data, merge two vendor records, and make one vendor inactive. Books by Bessie notified you that they have moved. You will start by editing the address.*

1. Choose **Books by Bessie** from the Vendors List.
2. Click the **Edit** button and then type the new address as shown:

Address	
Street address 1 9871 Broadway	Street address 2
City Palo Alto	State CA
ZIP code 94303	Country

3. Click **Save**.
4. Return to the Vendors List by clicking the **Vendors** tab or pressing **[Ctrl]+[Alt]+[V]**.

## Merge Two Vendors

You have discovered that Lee Advertising is actually owned by Tony Rondonuwu, who is currently listed as a separate customer in your company file. You will now merge these two records. The process is similar to that for merging customers.

- Choose **Tony Rondonuwu** from the Vendors List.
- Choose **Edit menu**  $\vee$ →**Merge Contacts**.  
*The Merge Contacts window appears with Tony Rondonuwu selected as the vendor to merge transactions from.*
- Choose **Lee Advertising** from the Into field and then click the **Merge Contacts** button.

## Make a Vendor Inactive

Craig reviewed the Vendors List and wants to remove old or inactive vendors. Squeaky Kleen Car Wash closed last month, so you will make this vendor inactive.

- Select **Squeaky Kleen Car Wash** from the Vendors List.
- Choose **Edit menu**  $\vee$ →**Make Inactive** from the drop-down menu; confirm the change when prompted.
- Return to the Vendors List.
- To see a complete list of vendors, including inactive vendors, click the **Settings** icon above the Action menu and then click in the check box for **Include Inactive**.

The inactive vendor is now included in the list, but it has been marked as deleted.

# Creating Vendor Transactions: Purchases and Expenses

Vendor transactions in QuickBooks Online are recorded either as an expense when you pay at the time of purchase, or as a bill if you make a purchase and pay later. Expense forms are used for all payments made with a debit card, credit card, automatic withdrawal, or wire transfer. If you have an account with your vendors, you will enter the bill on the date you made the purchase and pay the bill at a later time.

Remember that all QuickBooks Online forms are intuitive. An Expense form will always credit the bank or credit card account chosen. A Check form will always credit the bank account chosen. A Bill form will always credit Accounts Payable; this default setting cannot be changed.

At the time of this writing, Intuit is experimenting with different form templates for checks, expenses, bills, purchase orders, vendor credits, credit cards, etc. Your forms may appear differently from what is displayed and discussed here.

**VENDORS**

- Expense
- Check
- Bill
- Pay bills
- Purchase order
- Vendor credit
- Credit card credit
- Print checks
- Add vendor

The Expense form includes a 'Payee' dropdown menu with the placeholder 'Who did you pay?'. To its right is the 'Payment account' dropdown menu, currently set to 'Checking', with a 'Balance' indicator. Below the 'Payment account' menu is an 'Add new' button and a list of account options: 'Checking' (Bank), 'Savings' (Bank), 'Mastercard' (Credit Card), and 'Visa' (Credit Card). The form also has a 'Payment date' field and a 'Payment method' dropdown menu with the placeholder 'What did you pay?'.

The 'Check #To print' form features a 'Payee' dropdown menu with the placeholder 'Choose a payee'. To its right is the 'Bank Account' dropdown menu, currently set to 'Checking', with an 'Add new' button and a list of account options: 'Checking' and 'Savings'. The form also includes a 'Mailing address' field and a 'Payment' field.

Check form

The Bill form has a 'Vendor' dropdown menu with the placeholder 'Choose a vendor'. On the right side, it displays 'BALANCE DUE' as '\$0.00'. At the bottom, there are fields for 'Mailing address', 'Terms' (with a dropdown arrow), 'Bill date', 'Due date', and 'Bill no.'.

## BEHIND THE SCENES: Bills

In accrual basis accounting, expenses are recorded when you have the obligation to pay, meaning when the expense occurs (not when it is paid). When entering a \$230 bill for general supplies, the Accounts Payable account (a liability) increases with a credit and the Supplies Expense account increases with a debit.

<b>Accounts Payable</b>	<b>Supplies Expense</b>
<i>Liabilities INCREASE</i>	<i>Equity DECREASES</i>

	Assets		=	Liabilities		+	Equity		
							Capital	+ Revenue	- Expenses
<b>Beg. Balance:</b>	+ \$8,000			+ \$2,000			+ \$5,000	+ \$4,000	- \$3,000
<b>Transaction:</b>				+ \$230					- \$230
<b>End. Balance:</b>	+ \$8,000			+ \$2,230			+ \$5,000	+ \$4,000	- \$3,230

<b>Accounts Payable</b>		<b>Supplies Expense</b>	
<i>Debit</i>	<i>Credit</i>	<i>Debit</i>	<i>Credit</i>
	\$230	\$230	

When the bill is paid, Checking decreases with a credit and Accounts Payable decreases with a debit.

	Assets		=	Liabilities		+	Equity		
							Capital	+ Revenue	- Expenses
<b>Beg. Balance:</b>	+ \$8,000			+ \$2,230			+ \$5,000	+ \$4,000	- \$3,230
<b>Transaction:</b>	- \$230			- \$230					
<b>End. Balance:</b>	+ \$7,770			+ \$2,000			+ \$5,000	+ \$4,000	- \$3,230

<b>Checking</b>		<b>Accounts Payable</b>	
<i>Debit</i>	<i>Credit</i>	<i>Debit</i>	<i>Credit</i>
	\$230	\$230	

### Customizing Expense Form Settings

Before you begin recording expense transactions, decide what information should appear on expense forms and then check that form settings are appropriate for your business. Although you can customize the content of expense forms by using the Edit icon in the Expenses folder, you cannot customize their appearance (as you can with customer forms such as invoices and sales receipts).

In the following figure of the Expenses section of the Account and Settings screen, all of the defaults are “On” for Craig’s Design and Landscaping:

Company	Bills and expenses	Show Items table on expense and purchase forms	On
Usage		Show Tags field on expense and purchase forms	On
Sales		Track expenses and items by customer	On
Expenses		Make expenses and items billable	On
		<b>Default bill payment terms</b>

Advanced	Messages	Default email message sent with purchase orders	

When you click the Edit icon in the Bills and Expenses section, you can change the terms, markup, sales tax, and more.

## Creating Check, Expense, and Bill Records

QuickBooks Online forms are designed to work dynamically with one another. If you link your Chart of Accounts and your Products and Services List correctly as you prepare your expense or purchase forms, the appropriate accounting transactions will be created when you make a transaction.

If you write a check at the time of a purchase, you will use a Check form to record your transaction.

If you use a credit card or debit card to pay for items at the time of purchase, you will use an Expense form. If you purchase goods and services and pay for them later, then you will enter the transaction in a Bill form and pay the bill at a later date.

**WARNING!** It’s not a good practice to record expenses on a journal entry or directly on a Bank Withdrawal form. The profit and loss report would be correct, but the purchases/expenses would not appear on vendor reports.

## DEVELOP YOUR SKILLS 4-3

In this exercise, you will record a check, a credit card purchase, and a debit card purchase for purchases made on September 1, 2026. You will start by recording a purchase made by check at Morning Supplies.

Craig stopped by Morning Supplies to purchase some materials he needed. It was a small purchase, so he used a check that he happened to have in his wallet.

1. Choose **+ New**→**Vendors**→**Check**.
2. Choose **Morning Supplies** as the payee field and tap **[Tab]**.
3. Choose **Checking** as the account type, if necessary, and tap **[Tab]** twice.
4. Type **09/01/2026** for the payment date and tap **[Tab]**.
5. If necessary, enter **71** as the check number (it will likely AutoFill for you).
6. Choose **Job Materials:Plants and Soil** in the Category field and tap **[Tab]**.
7. Type **Misc. Plants and Plant Feed** in the Description field and tap **[Tab]**.
8. Type **42.75** in the Amount field.

#	CATEGORY	DESCRIPTION	AMOUNT	BILLABLE	TAX	CUSTOMER
1	Job Expenses:Job Materials:Plants	Misc. Plants and Plant Feed	42.75			

9. Choose to **Save and Close** the Check form.

## Create an Expense Form

Craig met Bill for a quick lunch at Bob's Burger Joint on 09/01/2026. Craig paid with his debit card. You will now use an Expense form to record the transaction.

10. Choose **+ New**→**Vendors**→**Expense**.
11. Choose **Bob's Burger Joint** in the payee field and tap **[Tab]**.  
*When entering an expense transaction, it's important to indicate from which account it was paid. In this case, the account may already be chosen.*
12. Choose **Checking** as the account type, if necessary, and tap **[Tab]**.
13. Type **09/01/2026** for the payment date and tap **[Tab]** twice.
14. Type **Debit** in the Ref. No. field and tap **[Tab]**.
15. Choose **Meals and Entertainment** in the Category field and tap **[Tab]**.
16. Type **Lunch with Bill** in the Description field and tap **[Tab]**.

17. Type **24.97** in the Amount field.

#	CATEGORY	DESCRIPTION	AMOUNT	BILLABLE	TAX	CUSTOMER
1	Meals and Entertainment	Lunch with Bill	24.97			

18. Choose **Save**.

*Now you will view the accounting behind the scenes for this transaction.*

19. In the bottom tray, click the **More** button and then choose **Transaction Journal**.

Transaction id	Date	Transaction type	Num	Name	Memo/Description	Debit	Credit	Account
146	09/01/2026	Expense	Debit	Bob's Burger Joint	-	-	\$24.97	Checking
146	09/01/2026	Expense	Debit	Bob's Burger Joint	Lunch with Bill	\$24.97	-	Meals and Entertainment

*In this example, Meals and Entertainment is the debit and Checking is the credit.*

## Record a Credit Card Purchase

*In this transaction, you will enter a credit card purchase for coffee mugs with a logo from Mahoney Mugs.*

20. Choose **+ New** → **Vendors** → **Expense**.

21. Complete the Expense form as noted, tapping **Tab** to navigate the fields:

- Payee: **Mahoney Mugs**
- Account: **Mastercard**
- Payment Date: **09/01/2026**
- Ref No.: **MC**
- Category: **Office Expenses**
- Description: **Mugs with Logo**
- Amount: **36.50**

#	CATEGORY	DESCRIPTION	AMOUNT	BILLABLE	TAX	CUSTOMER
1	Office Expenses	Mugs with Logo	36.50			

22. Choose **Save and Close**.

# Managing Accounts Payable

You can use QuickBooks Online to manage your Accounts Payable—that is, purchases that will be paid later or on account. When vendors send you bills and you enter these bills in QuickBooks Online, you can keep track of the amount you owe for purchases in any given period. As you set up each vendor, you can specify the terms for that vendor. You can also enter the terms directly on the Bill form.

The new Bill Pay feature allows you to schedule payments of bills to vendors using a bank transfer or debit or credit card simply by clicking the Save and Schedule Payment option. This feature is currently included in your QuickBooks Online Plus and Advanced subscription and is provided by Melio.

## DEVELOP YOUR SKILLS 4-4

Craig has ordered a new computer and monitor for his office from Computers by Jenni. They will be delivered today, 9/1/2026, and the terms are Net 15 days. In this exercise, you will enter a bill for purchases made today and payable in 15 days.

1. Choose **+ New**→**Vendors**→**Bill**.
2. Complete the Bill form as follows, using **[Tab]** to navigate the fields:
  - Vendor: **Computers by Jenni**
  - Terms: **Net 15**
  - Bill Date: **09/01/2026**
  - Bill No.: **2026-1515**
  - Category: **Office Expenses**
  - Description: **Computer and Monitor**
  - Amount: **1345.00**

**Bill #2026-1515** Help X

Vendor:  **BALANCE DUE**  
**\$1,345.00**

Mailing address:  Terms:  Bill date:  Due date:  Bill no.:

Tags:  Manage tags

▼ **Category details**

#	CATEGORY	DESCRIPTION	AMOUNT	BILLABLE	TAX	CUSTOMER
1	Office Expenses	Computer and Monitor	1,345.00			

3. Choose **Save**.
4. In the bottom tray, choose **More**→**Transaction Journal**.

*Accounts Payable is the credit, which increases liabilities on the balance sheet. Office Supplies is the debit, which increases expenses on the profit and loss statement.*

## Accounts Payable Reports

The Reports center on the Navigation bar contains a number of vendor-related reports to help you manage your Accounts Payable. For example, the What You Owe section in the All folder lets you track what you owe and when payments are due so that you can manage your cash flow. The Accounts Payable Aging Summary report in the Standard folder shows your unpaid bills and how long you have owed on them.

## Other Vendor Reports

The Standard tab includes a category called Expenses and Vendors. These reports provide summaries and/or detailed information about purchases by vendor, as well as purchases by Product/Service.

### DEVELOP YOUR SKILLS 4-6

In this exercise, you will prepare a vendor report to show Craig the transactions for each vendor last month.

1. Open the **Reports** center and click the **Standard** tab.
2. Choose **Transaction List by Vendor** in the Expenses and Vendors section.
3. Choose **Last Month** in the Report Period field.

## Paying Bills

When you pay bills in QuickBooks Online, you choose the account to make the payment from. When you pay with a check, the Accounts Payable (liability) decreases and the checking account balance (asset) decreases. You can also pay bills with a credit card.

### DEVELOP YOUR SKILLS 4-7

In this exercise, you will pay all the bills that are past due and print checks.

1. Choose **+ New** → **Vendors** → **Pay Bills**.
2. Choose **Checking** as the payment account and tap **[Tab]**.
3. Type **09/01/2026** in the payment date field and tap **[Tab]**.
4. The Starting Check No. field should fill in with check number 72; if not, update it accordingly.

5. Click the check boxes to the left of the first four vendors (payees).

### Print Checks

6. In the lower-right corner, choose **Save and Print** from the drop-down menu.

7. Choose **Voucher** as the check type and then click the **Yes, I'm Finished with Setup** button in the lower-right corner.

*You are returned to the Pay Bills window.*

8. Close the Pay Bills window and then go to **New**→**Print Checks**.

9. Click the check boxes for the four checks and then click **Preview and Print**.

*The Print Checks window opens.*

10. Verify that **Checking** is the account type, enter **72** as the starting check number, and then click **Preview and Print**.

*If this were a real work situation, you would now load your checks into your printer. For this example, you will print on plain paper or to a PDF file.*

11. On the Print Preview screen, click **Print** and choose to print on blank paper or to a PDF file. (If printing to PDF, choose an appropriate name for the file.)
12. Close the Print Preview screen.
13. Click **Done** in the next window and then close the Print Checks window.
14. Return to the **Expenses** center.

*No bills are overdue now.*

## Tackle the Tasks

This is your opportunity to apply some of the skills learned in this chapter to accomplish additional tasks for Craig's Design and Landscaping Services. To refresh your memory, refer to the concepts and Develop Your Skills exercises as needed.

**Before You Begin:** Close the current test drive window and then open a new test drive window.

## REINFORCE YOUR SKILLS 4-2

### Review and Set Default Expense Settings

*In this exercise, you will review and set the Expense form defaults for Puppy Luv Pampered Pooch.*

1. Choose **Gear** → **Your Company** → **Account and Settings**.
2. Click **Expenses** in the Navigation bar.
3. Edit the default bill payment terms to **Net 15**.
4. Ensure that the option to use purchase orders is turned **Off**.

*Remember to save your changes and click Done. You won't always be reminded to do this, but you should always save and close out screens to complete the actions.*

## REINFORCE YOUR SKILLS 4-3

### Create Purchase and Expense Forms

*The Grand Opening party for Puppy Luv Pampered Pooch was a great success. Sadie has given you all the receipts for the party expenses, plus a few bills that need to be scheduled for payment. In this exercise, you will create the purchase/expense transactions for Puppy Luv Pampered Pooch. You will need to add a vendor.*

1. Choose **+ New** → **Vendors** → **Check** and record the following: Check number 10006 for \$200 to Silva's Catering for all food and beverages for the Grand Opening; Meals & Entertainment account; dated 08/06/2026.

2. Choose **+ New**→**Vendors**→**Expense** and record the following: \$125 paid by debit card to Steve Nguyen for Window Display; Marketing account; paid on 07/28/2026.
3. Choose **+ New**→**Vendors**→**Bill** and record the following: Bill number 2026-115 dated 7/28/2026 for \$55.50; from Bonni’s Dog Biskits, 144 Beach Rd., Ventura, CA 93003; for some treats for the pooches; Pooch Supplies account; due in 15 days.

## REINFORCE YOUR SKILLS 4-4

### Create a Vendor Report

*Sadie would like a report to show all of the vendor transactions to date. In this exercise, you will create some vendor- and expense-related reports for Sadie.*

1. Open the **Reports** center.
2. Click the **Standard** tab, and under Expenses and Vendors choose **Transaction List by Vendor**.
3. Choose **All Dates** as the report period in the date drop-down menu.

EVALUATION ONLY

# Apply Your Skills

Now it's time to use your new skills to prepare all the *Puppy Luv Pampered Pooch* purchase and expense transactions for the first few weeks of August. The first step in the accounting cycle is to analyze the transaction, determine what accounts will be affected, and then choose the appropriate action—in the right sequence and on the right form. The second step is to record the transaction.

In these exercises, you will perform these steps of the accounting cycle. To simulate a real-world accounting environment, some of the information to be entered is presented in a random fashion—imagine a pile of bills, receipts, and notes that you have to sort through and analyze. Take your time and think carefully about your choices.

## APPLY YOUR SKILLS 4-1

### Add and Edit Vendors

Sadie has been busy looking for new suppliers and networking with local dog breeder associations, shelters, and Chambers of Commerce. She has found a couple new vendors and received additional information from an existing vendor. In this exercise, you will add and edit vendors.

1. Add these vendors:
  - Sundown District Gas and Electric, PO Box 259RT, Los Angeles, CA 90051
  - District Party Décor, 1411 E Magnolia, Los Angeles, CA 90052
2. Edit the George's Pet Media vendor with this new information:  
GPM@email.net  
310-555-7711

## APPLY YOUR SKILLS 4-2

### Create Purchase and Expense Transactions

Sadie has left you some receipts for payment made and a few bills to enter. She has written notes so you know which account to record the transaction in. In this exercise, you will create the transactions for these receipts and bills. (Hint: You may need to add vendors and accounts/categories.)

1. Review the list and then create the necessary transactions:
  - Debit card transaction for decorations for the Grand Opening; 7/30/2026 at District Party Décor; \$37.88; Office Supplies and Software
  - Debit card transaction for raffle tickets, tissue paper, and ribbons; \$25.66 at Office Plus; 7/28/2026; Office Supplies and Software
  - Credit card purchase; 7/25/2026; Sundown District Chamber of Commerce lunch meeting; \$45; Meals & Entertainment
  - Credit card purchase; 7/28/2026 for \$389.10 from District Party Décor for rental of tables and chairs, balloons, and music for the Grand Opening party; Equipment Rental Expense
  - Credit card purchase; 7/27/2026 to US Post Office for stamps; \$47.00; Postage
  - Bill dated 7/30/2026 from Sundown District Water for \$16.84; for service from 7/20/2026 to 7/28/2026; due in 15 days; Utilities

- Bill dated 7/30/2026 from PetEdge, PO Box 100, Beverly, MA 01915; for pooch nail clippers; bill number 89774; \$48.96; due in 15 days; Pooch Supplies
- Bill dated 7/28/2026 from Designs for You, 1004 Makers Road, Los Angeles, CA 90022; bill number 26-8944; due in 15 days; for 1000 business cards; \$108; Marketing
- Bill dated 8/05/2026 from Sundown District Chamber of Commerce for one-year membership; \$250.00; bill number PLPP 2026; due in 15 days; Dues and Subscriptions

**APPLY YOUR SKILLS 4-3** QG

**Prepare Report and Pay Bills**

Sadie has asked you to provide a list of all unpaid bills. She will advise you about which bills to pay and any additional reports she would like to review. In this exercise, you will prepare a report of unpaid bills for Sadie.

1. Prepare an **Accounts Payable Aging Summary** report as of August 15, 2026.
2. Export the report to Excel, saving it in your **Chapter 04** folder as:  
**CH04 AP Aging 8.15.26**
3. Pay all the bills due by 8/12/2026 on **8/10/2026**. The beginning check number is **10007**.
4. Print the checks to a PDF file and then save checks **10007–10008**.
5. Print a **Vendor Balance Summary** report for all dates.  
*The balance should be \$315.80.*
6. Export the report to Excel, saving it in your **Chapter 04** folder as:  
**CH04 Vendor Balance Summary**
