IMPORTANT! As you may know, Intuit has been rolling out a new QuickBooks Online interface but up to this point has been allowing users to revert to the classic user interface. **On 10/01/25, Intuit stopped supporting the classic user interface. This means any user who has opted out of the new user interface will automatically be opted back in.**

Labyrinth Learning's textbook was written using the classic user interface, but we are calling for the following edits to ensure students using our QuickBooks Online materials have the best experience possible.

If you encounter problems following a step, we recommend you use the search feature in QBO to locate the feature you are looking for.
