Quick Reference Table Summary vii
Preface viii

LESSON 1

Word – Working with Word Basics **1**

Discovering Just How Suite It Is 3

Defining Word 3

 Starting Word 2010 4

 Exploring the Word Window 7

Introducing the Ribbon 8

 ToolTips 9

 Contextual Tabs 9

 Varying Button Arrangements 10

Introducing the Toolbars 10

 The Quick Access Toolbar 10

 The Mini Toolbar 11

Opening Documents 12

 Downloading and Storing Exercise Files 12

 Opening Documents Created in Earlier Versions of Word 12

Navigating in a Word Document 14

 Navigating with the Scroll Bar 14

 Recognizing Different Mouse Pointer Shapes 15

 Navigating with the Keyboard 17

Closing Documents 19

Starting a New Blank Document 19

Getting Help in Word 2010 21

Exiting from Word 22

Concepts Review 23

Skill Builders 25

LESSON 2

Word – Writing a Letter and a Resume **29**

Typing a Cover Letter 31

 Line and Paragraph Spacing 31

 Nonprinting Characters 32

 AutoComplete 33

 The Enter Key and Word Wrap 36

 Using the Bullets Feature 37

Saving a Document 39

 Save Compared to Save As 39

 Saving a Modified Document 41

Printing a Document 43

Using a Word Table to Organize a Resume 45

 Merging Cells and Centering Data in a Cell 45

 Navigating in Tables and Adding Rows 48

 Resizing Column Widths and Row Heights 48

 Removing Borders from a Table 52

Creating an Envelope 54

 The Envelopes and Labels Dialog Box 54

Concepts Review 56

Skill Builders 58

LESSON 3

Word – Editing the Business Etiquette Column **63**

Selecting Text 65

 The Selection Bar 65

 The Typing Area 65

 Selection Techniques 66

Editing Techniques 69

 Add, Delete, and Replace Text 69

 AutoCorrect 69

 Spelling & Grammar Checker 72

 Undo and Redo 72

Moving and Copying Text 74

 Move and Copy Text 74

Finding and Replacing Text 77
 Find with the Navigation Pane 77
 The Find and Replace Dialog Box 78
 Concepts Review 82
 Skill Builders 84

LESSON 4

Word – Encouraging Recycling with Flyers 89

Formatting with the Ribbon 91
 Fonts 91
 The Font Group 92
 Font Size 92
 Formatting with the Mini Toolbar 92
 Using Live Preview with Galleries 93
 Saving a Document to a New Folder 97
 Creating a New Folder 97
 Setting Paragraph Alignment 99
 The Alignment Buttons 99
 Creating WordArt 100
 Formatting WordArt 101
 Contextual Tabs on the Ribbon 102
 Selecting, Sizing, and Rotating WordArt 102
 Using Clip Art 105
 Searching for Clip Art 105
 Rotating Clip Art 108
 Resizing Clip Art 108
 Wrapping Text 111
 Positioning an Image 111
 Cropping Clip Art Images 112
 Concepts Review 115
 Skill Builders 117

LESSON 5

Excel – Tracking Firefighter Training 125

Understanding Excel 127
 Starting Excel 2010 127
 Exploring the Excel Window 128
 Understanding Workbook Organization 128
 Mouse Shapes in Excel 129
 Navigating in a Spreadsheet 130
 Using the Scroll Bars to Navigate 130
 Using the Keyboard to Navigate 132
 Freezing Panes 133
 Entering Data in a Spreadsheet 136
 Completing and Canceling Cell Entries 136
 Editing in Excel 139
 Aligning Cell Contents 140
 Working with Ranges of Cells 141
 Moving and Copying Data 144
 Copying Data 145
 Sorting Data 147
 Kinds of Sorts 147
 Structuring an Effective List 147
 Working with Columns and Rows 149
 Resizing Columns and Rows 149
 Inserting and Deleting Columns and Rows 150
 Concepts Review 154
 Skill Builders 156

LESSON 6

Excel – Budgeting with Calculations and Charts . . . 161

Defining Formulas	163
Excel’s Mathematical Operators	163
How to Type a Formula	164
Using Built-in Functions	167
How Functions Are Constructed	167
The AutoSum Button	167
Calculating with AVERAGE, MAX, and MIN.	171
Copying Formulas and Functions	172
Using Charts to Visualize Data	174
How Do I Know Which Cells to Select?	174
Embedded Charts Compared to Chart Sheets	176
Using Design Tools	182
Concepts Review	189
Skill Builders	191

LESSON 7

PowerPoint – Creating Powerful Presentations . . . 199

Presenting PowerPoint	201
Starting PowerPoint	201
Introducing the PowerPoint Window	202
Navigating in a Presentation	203
Using PowerPoint Views	206
Creating a Presentation	209
Using PowerPoint Themes	209
Typing Text in a Slide	210
Working with Slide Layouts	211
Presentation Design Tips	213
Adding Clip Art to a Presentation	214
Delivering the Slide Show	217
Delivery Tips	217
Navigating in Slide Show View	218

Adding Animations and Transitions to the Show	220
Animating Your Slide Show	220
Adding Transitions to Your Slide Show	221
Concepts Review	223
Skill Builders	225

LESSON 8

Access – Accessing Raritan Clinic East 231

Defining Access Databases	233
What Is a Database?	233
Exploring the Access Environment	233
Starting Access	233
Identifying Elements of the Access Window	234
Using Database Templates	234
Creating a Blank Database	234
Designing a Database	235
Identifying Features of the Database Window	236
Using the Navigation Pane	236
Creating Tables in Datasheet View	237
Working with Tables	237
Identifying Table Guidelines	238
Identifying Field Data Types	239
Navigating Tables and Entering Data	242
Working with Tabs and Closing Database Objects	242
Previewing and Printing Data	244
Setting Up Data to Print	244
Checking Data Accuracy	244
Examining the Preview Window	244
Closing a Database and Exiting Access	248
Concepts Review	250
Skill Builders	251
<i>Glossary</i>	253
<i>Index</i>	256
